Consigne : Relie chaque enfant à un parapluie. « Peut-on donner un parapluie à chaque enfant ? » Donne la réponse à ton enseignant .

OUI NON

The page contains 10 children and 10 umbrellas. The children are drawn in various colors: red, blue, brown, green, and dark blue. The umbrellas are simple line drawings. The children are arranged in a way that makes it difficult to match them to the umbrellas, as some children are missing umbrellas and some umbrellas are missing children.
